Experience

Frontend Developer

CodeConnex pvt ltd l Hyderabad

March-2023/ Present

- Developed and maintained the frontend of a multivendor ecommerce web application using React, ensuring a smooth and intuitive user experience.
- Collaborated closely with the backend team to integrate frontend functionalities with the underlying API endpoints, ensuring seamless data flow and synchronization.
- Successfully integrated a RESTful API to retrieve real-time data and displayed it on a admin dashboard.
- Implemented user authentication and authorization functionalities, using JWT, ensuring secure access to the admin dashboard and vendor-specific features.
- Developed intuitive and feature-rich admin dashboard interfaces, empowering vendors to manage their products, orders, and inventory efficiently

Frontend Developer

Tranquil CRM l Hyderabad

March-2022/ Feb-2023

- Extensive hands-on experience with JavaScript, specifically in React, for over 1 years.
- Designed and implemented RESTful APIs to ensure smooth integration between front-end and back-end systems.
- Created scalable web applications using cutting-edge JavaScript technologies.
- Collaborated with backend developers to optimize database structures for efficient data storage and retrieval.
- Participated in developing the architecture for new projects and provided guidance on best practices and future technologies.
- Offered support and guidance to teammates, especially in troubleshooting and handling new challenges.

Web Developer

Freelancer l Self-Employed

August-2021/ Feb-2022

- Freelance Web Developer with 6 month of experience specializing in designing and developing responsive websites for diverse clients.
- developed and deployed responsive websites for small businesses, resulting in a 40-60% increase in their online presence and customer engagement.

Project

Tranquil CRM Software

- Managed and organized client requirements, activities, and database through CRM software.
- Integrated call, SMS, email, and WhatsApp communication for seamless client interaction
- Increased company efficiency by utilizing CRM software for faster workflow and improved client communication.
- Facilitated informed client interactions by ensuring accurate information access through CRM software.
- Contributed to business growth by leveraging CRM software to enhance client relationships and generate more business opportunities.

The Neon Tribe Ecommerce Application

- Developed and launched a highly successful Ecommerce Application for India's top neon signboard selling company.
- Generated significant revenue by offering high-quality, custom neon signs that surpassed competitors.
- Implemented strategies to assist customers in creating unique and attention-grabbing designs.
- Led a team in consistently delivering outstanding customer service and satisfaction.
- Increased brand visibility and recognition by effectively marketing the company's offerings.
- Achieved exceptional sales growth by continually analyzing market trends and adapting strategies accordingly.
